

Data center and server room: what we clean

Walk the site with facilities and security, marking each area and its approved method.

Site _____ Address _____

Walked by _____ Date _____

Data hall, to your procedures

- ☐ Gowning at the entry point you name
- ☐ Low-lint wipes and HEPA vacuums your team clears
- ☐ Cabinet tops and exteriors
- ☐ Reachable cable trays
- ☐ Ledges and door frames
- ☐ Raised-floor tiles vacuumed and damp-wiped
- ☐ Racks and equipment left alone unless listed

Under-floor and entries

- ☐ Under-floor plenum work set with facilities
- ☐ Tiles lifted and reset in your order
- ☐ Entry vestibules
- ☐ Sticky mats replaced on schedule

Access and logs

- ☐ Crew on a roster you approve
- ☐ Sign-in at the security desk
- ☐ Your badges worn
- ☐ Escort where your rules call for one
- ☐ Visit log of areas cleaned and times

Support spaces

- ☐ Lobbies and security vestibules
- ☐ Operations rooms and offices
- ☐ Break rooms, restrooms and locker rooms
- ☐ Docks, staging rooms and loading areas swept and scrubbed
- ☐ Battery, generator and electrical rooms by the method engineers approve
- ☐ Corridors scrubbed or stripped and refinished

Server rooms and closets

- ☐ Added to the building's regular visit
- ☐ Floors, ledges and cabinet tops
- ☐ Door closed behind the crew
- ☐ Nothing plugged into a rack outlet
- ☐ Cables, patch panels and equipment untouched

Fit-outs

- ☐ Construction dust off walls, cable trays and raised floors in stages
- ☐ Final wipe ahead of commissioning

Notes
